Note

Efetobor Apochi (11-0) and Brandon Glanton (13-0) fought like neither fighter wanted to give up their "0". Early on Glanton was able to successfully counter Apochi. Then Apochi adjusted and worked behind his jab. Right at the end of an evenly contested 6th round, a Glanton right knocked Apochi down. Apochi started the seventh in survival mode, but Glanton could not put Apochi away. For the rest of the fight it looked like Apochi was fighting off instinct, even as Glanton landed the more impactful punches. For the fight, Glanton landed 187 of 653 punches, and Apochi landed 183 of 721 punches. While both fighters landed almost the same amount of total punches, Glanton edged Apochi 182 - 144 in power punches landed.
